# W. L. GUMM

Peony Specialist,

REMINGTON, IND.

New Low Prices on Gumm's Peonies for 1931-1932

Prices quoted here are for good, healthy roots with from 3 to 5 eyes, or more, good standard size roots.

Order early as some of the rare varieties are very scarce. Orders will be filled in rotation as received. Do not be too anxious to get your Peonies the first of September as it is impossible to get them all out at that time. We only employ experienced men in filling orders. Be very careful in writing your name and address plain. Send remittances with order, or satisfactory reference.

While we use the greatest care to have all plants furnished by us true to name and will replace any that may prove untrue, no sale by us carries a warranty of quality, express or implied, and for any error we shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

GUMM'S HOOSIER BEAUTY DELPHINIUM SEED

The above strain was obtained by selection from Kelway's choicest varieties. Many of the plants were nine feet tall, having spikes of bloom from 2 to 4 feet long, with individual flowers from 1½ to 2½ inches in diameter embracing all the colors and tints which the Delphinium is subject to, from the darkest shades of Royal Blue to the more delicate pastel shades. You will find this a most wonderful strain, easily raised from seed, and perfectly hardy. Package of 200 seeds 50c.
